

BRENDAN BROOKS

Brendan Brooks is a contemporary Christian artist, worship leader and all around fun guy from Wisconsin. Travelling and ministering for the Lord for many years, he recently returned from a tour on the west coast. Whether performing alone, or with his 3-piece band, he will relate to the audience, involve them and get them on their feet.

He has co-written a song with Matthew West and can cover well known songs or worship anthems as well as play his own, original creations. He has opened for TOBY MAC and COCHREN & CO. Down-to-earth, friendly, passionate, Brendan will put his all into your concert, whether there is 300 or 15 (he has played for a group of 4). He has been a fixture at **CELEBRATE RECOVERY** meetings across the country as a preferred worship leader. His solo album "BROKEN" contains songs of worship, reflection and redemption. Energetic, friendly, a down-home boy with a message to share in song, he will be a favorite with your attendees. www.brendanbrooksmusic.com
